CASE NO. 168

Docket No. L-00000XX-14-0120-00168

DECISION NO. 74688

Open Meeting  
July 22, 2014  
Phoenix, Arizona

**BY THE COMMISSION:**

Pursuant to A.R.S. § 40-360, *et seq.*, after due consideration of all relevant matters, the Arizona Corporation Commission ("Commission") finds and concludes that the Certificate of Environmental Compatibility ("CEC") issued by the Arizona Power Plant and Transmission Line Siting Committee ("Siting Committee") is hereby approved as granted by this Order.

The Commission, in reaching its decision, has balanced all relevant matters in the broad public interest, including the need for an adequate, economical and reliable supply of electric power with the desire to minimize the effect thereof on the environment and ecology of this state, and finds that granting the Project a CEC is in the public interest.

1 The Commission further finds and concludes that in balancing the broad public interest in this  
2 matter:

- 3 1. The Project is in the public interest because it aids the state in meeting the need for an  
4 adequate, economical, and reliable supply of electric power.
- 5 2. In balancing the need for the Project with its effect on the environment and ecology of  
6 the state, the conditions placed on the CEC effectively minimize its impact on the  
7 environment and ecology of the state.
- 8 3. The conditions placed on the CEC resolve matters concerning the need for the Project  
9 and its impact on the environment and ecology of the state raised during the course of  
10 proceedings, and as such, serve as the findings on the matters raised.
- 11 4. In light of these conditions, the balancing in the broad public interest results in favor  
12 of granting the CEC.
